5 CENTS A COPY

MARTIN WINNING WINS MEDAL

The friends of Mr. and Mrs. Winning, formerly of Crossfield, will be pleased to hear that their son, Martin Duasmuir Winning, of Hanna, was one of the successful students who won a bronze medal for obtaining the highest marks in the June 1939 Grade IX examinations. The bronze medals are donated by His Excellency, Baron Tweedsmuir, Governor General of Canada, to Grade IX students who made the highest marks for their Inspectorate or School Division. Martin Winning was the winner in the Hanna School.

LOCAL STOCKMAN DONATES PRIZE

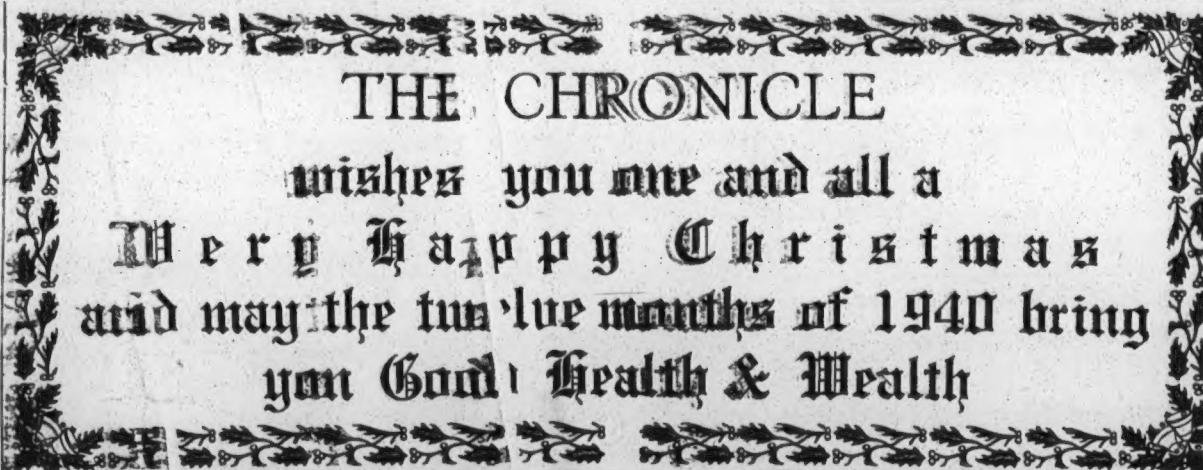

Frank Collicut, our local Hereford breeder, is donating a prize of \$100. a year for the next ten years, through the Spring Livestock Show, for steer or heifer under 1000 pounds showing predominant Hereford characteristics, bred in Alberta (not necessarily by exhibitor) and owned by a resident of Alberta. Entries in the baby beef contest will be eligible for this award.

U. F. W. A. ELECT OFFICERS

At a recent meeting of the Floral local U. F. W. A., the following officers were elected for the year 1940: President, Mrs. H. Robinson; vice-president, Mrs. C. Ferguson; secretary, Mrs. A. Montgomery; Treasurer, Mrs. H. McCool.

YOUNG PEOPLE'S UNION MEET

The Young People's Union of the United Church held their regular meeting in the church parlor on Monday evening with the president, Tunis Robinson, in the chair. The devotional period was conducted by Ernie Kinsey. During the business session plans were made for the young people to take charge of the church service on Sunday evening, Dec. 31st. At the close of the meeting a pleasant hour was spent in games. The next meeting will be January 8.

THE CHRONICLE

wishes you one and all a
Very Happy Christmas
and may the twelve months of 1940 bring
you Good Health & Wealth

VICTORIA PREPARES FOR OLD FASHIONED CHRISTMAS

Preparations for the same kind of Christmas festivities which enlivened England in the days of Good Queen Bess are now under way at the Empress Hotel at Victoria, B.C., where an unusual number of Canadians will join approximately 400 Americans in an old-fashioned Yuletide celebra-

tion. The programme, seen here in rehearsal has such picturesque features as a boar's head, Yule log, wassail bowl and Christmas carols. Retainers in old time costume hand the log to the massive fireplace where it is lighted by the Mayor of Victoria with a fragment from last year's log, which

has been "put under a bed to secure the house from fire", according to an ancient superstition. Christmas dinner in the three great banquetting halls with the chef bearing the boar's head, tusks fierce, mounted on a silver platter, are other picturesque notes in this most colorful festival.

FINE SURPLUS FOR BALL CLUB

After the smoke cleared away the junior baseball club gathered in the sum of \$20.50 as their share of the turkey shoot last week. This is a nice little nest egg to pick up on the day's shoot. The success is due to a great extent, to the efforts of Everett Bills promoter of the shoot.

SCHOOL HOLIDAYS

The local school will close on Friday for the Christmas holidays, and will re-open on Jan. 3.

POST OFFICE HOURS

On Xmas Day and New Year's Day, the wickets will be open between 10 and 11 a. m. only. The Lobby door will be open from 9:00 a. m. to 9 p. m. for the convenience of the box holders. All mail coming and going as usual. Xmas Cards in open envelopes; 1c, and closed 3c. Air mail 6c.

HOW TO REDUCE ACCIDENT TOLL

Traffic accidents in this province can be cut down by a greater amount of pedestrian education, in the opinion of officials of Alberta Motor Association.

It is the belief that in the past efforts have been concentrated upon the need of safe driving without due attention having been paid to walker education. In other words, the pedestrian should realize the need of looking before he moves, just the same as it is the duty of the car driver to use every possible care to avoid accidents.

LOCALS

The B. A. Oil Co. have moved their tanks and warehouse further south along the highway.

T. M. Mair is in Calgary attending the Alberta Fur Breeders Pelt Show and annual meeting.

L. Overby has purchased a quarter section from Chris Asmussen.

Santa has really arrived—he has settled on the roof of the Tweedle residence.

S. Tredaway has been confined to his home this week, suffering from a severe cold.

Mr. and Mrs. Wm Brandon were Sunday visitors at the home of Mr. and Mrs. R. E. Green, Carstairs.

Mrs. D. H. McFadyen has sold her property on the north side of town, to Chris Asmussen, and expects to move to Calgary soon.

According to latest reports, D. H. McFadyen is making satisfactory progress following his recent accident.

The Crossfield stores will be closed on Tuesday, Dec. 26th, Boxing Day, and will be open all day Wednesday the 27th.

King George's Christmas broadcast will be heard in Alberta at eight o'clock in the morning.

LOCAL RED CROSS REPORT

The funds of the local branch of the Canadian Red Cross Society received another boost this week, in the form of a donation of \$75.00 from the Municipal District of Rosebud (which is acknowledged with many thanks), as well as the sum of \$41.52, which was the net proceeds of the dance held on Dec. 15th.

The total amount collected in the district now stands at \$1040.92, and the members of the Committee are very grateful for the co-operation extended them and wish it to become known that no further soliciting for funds will be undertaken by this branch until such time as another National effort is deemed necessary.

Thursday December 21st, 1939

Just in case you have overlooked the fact that you must plan today for your business tomorrow, it is important that you come out in the open and co-operate with other business firms and organizations so that every unit of business can enjoy an increase in the coming year. After all, every business is what we make it and if we want to enjoy what is known as "Better Business" in Crossfield, it is up to us to plan early for a larger percent of the local trade.

Citizens of Crossfield and district are to be congratulated on their generous response to the Red Cross fund, statement of which is published in this issue. The local committee also deserves credit for their services in this campaign. \$1040.92 is a fine contribution from the town and immediate district.

We note that the sidewalk west of the firehall is in bad condition in places; a little attention now might prevent serious accidents.

We wish to convey at this time our Sincere Wishes for your Happiness this Christmas and throughout the coming year--STEVE'S

25th Anniversary of United Farm Women Will Be Celebrated

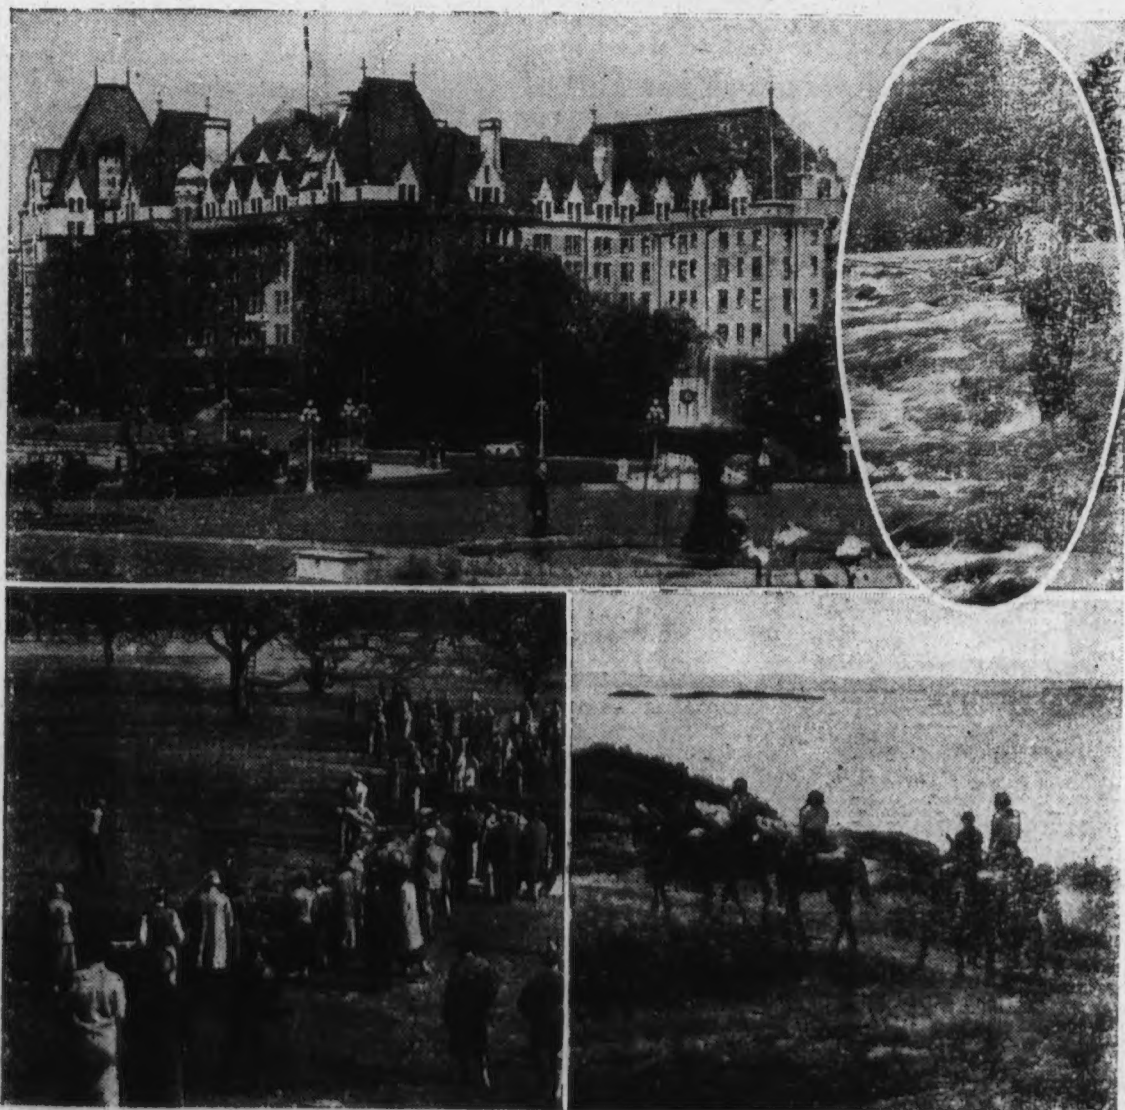

Highlight of the United Farm Women's Convention, to be held as that of the U. F. A., will be the celebration of the twenty-fifth anniversary of the formation of the U. F. W. A. at a banquet at the Corona Hotel on the evening of Tuesday, Jan. 16, at 6:30. Many past officers of the U. F. W. A. will be present, and the women's organization is looking forward to a large attendance of those who in the past have carried on its work in their own communities as well as of delegates and visitors.

Dr. Lola McLatchie of the Calgary Clinical Laboratory, will speak at the Convention on Tuesday afternoon on "Cancer." On Thursday afternoon there will be a joint session with the U. F. A. Convention for discussion of the work of the Junior U. F. A., of the Canadian Youth Congress and of Youth Training schools. The Junior President, Mr. Thring, will be in the chair on this occasion.

It is hoped that among addresses at the U. F. W. A. Convention there will be one on the subject of "Women and Law."

In its operations the Alberta Price Spreads Board is not subject to any direction or interference from the government or any member thereof, said W. D. King, Deputy Minister of Trade and Industry, in a statement issued last week. Statements made regarding comparative bread prices in Alberta and Vancouver were examined by the Board, and it was shown that the Alberta loaf weighs 20 ounces and the Vancouver loaf 15. A price war was currently waging in Vancouver, and the actual price of bread in Alberta was set by the baking industry. The Price Spreads Board sets a maximum, over which no loaf may be sold, but does not set the actual price to the consumer. "Every order is made for the sole purpose of preventing profiteering in the necessities of life," the statement added.

Victoria, Canada's Evergreen Playground Calls to Country's Sports Loving People

The Empress Hotel, centre of Canada's famed Evergreen Playground where summer sports continue in full swing throughout the winter, is on the threshold of the best season in its history, according to reports from Canadian Pacific sources in Canada and the United States.

There are several reasons for the promise of greatly increased travel to beautiful Vancouver Island but the most important one at the moment seems to be that international exchange inequalities, brought about by the war,

make each dollar worth ten cents more in Canada than it is in the United States.

The West Coast has many attractions for the traveller who likes his winter without snow. The gardens of the ivy-clad Empress and other beauty spots on the island retain their beauty and freshness all year round; riding, golf, tennis, swimming, fishing and lawn bowling continue throughout the winter; the Mid-Winter Golf Tournament, from March 8 to 9, is an annual event which attracts enthusiasts from

all over the continent; Christmas at the Empress is a celebration complete with boar's head, yule logs, wassail bowl and carols, with a novel after-dinner social glass out on the open lawn.

The contrast offered by Victoria is really amazing, especially after a train ride across the country. From the windows of the warm train the traveller will see typical Canadian winter scenery, — and then Victoria with its flowers, its magnificent weather, and its year-round golf and other summer sports.

Rt. Hon. R. B. Bennett, former Prime Minister of Canada, who left last year to make his home in Surrey, England, spent several days in his "home town", Calgary, last week. Mr. Bennett has been active in preparing a Red Cross hospital in England and his visit to Canada is primarily to confer with the chairman of the Canadian Red Cross Association. His trip to Calgary was on private business.

THANKS FOR YOUR GENEROUS PATRONAGE
BALLAM'S

Birmingham, England: Complaints to the city fathers prove that young couples are finding British air raid shelters to be cozy trysting places during the war-time black outs. Air raid wardens reported that they were spending more time interrupting cooing couples than in carrying

out their normal duties. One suggestion to the city government was that gates be erected on the shelters, but nothing has been done about the matter.

Things don't turn up in this world until somebody turns them up.

GREETINGS

Many thanks for your patronage during the closing year, and we wish you every

Happiness this XMAS
and throughout 1940

ERNIE'S**

Around Field And Barn
By E. M. C.

A man, (not a farmer) said to me. "What one farmer can do, another can do", and that he had no use for a certain person and his hard luck story. I wonder how many believe that. He did. It does not sound logical to me. I think it is unfair and just snap judgment. So much enters into individual cases apart from ability. There is location, early training, experience, health, family conditions, unavoidable hazards, and sometimes just luck. Anyway that is what many wheat growers figured, and have we a surplus? And speaking of the wheat surplus, there is no cause to worry. Hon. Mr. Gardiner, Federal Minister of Agriculture has it all figured out.

Said the Hon member at Winnipeg. "If the armies overrun the wheat fields of Europe every bushel of the surplus will be required." That's nice, "if". And if that was not enough he added that history for the past four-thousand years (365 days a year) has shown that surpluses of non-perishable commodities will always be consumed and he believes that will be true for the next 4000 years.

So everything will be fine and dandy, and what is 4 000 years to a liberal anyhow? Ask Mr. Gardiner when he comes west to tell us how to be prosperous next spring.

In view of the war, no one in their right mind will regret the wheat surplus, for wheat is as necessary to the successful prosecution of the war as soldiers' boots and clothing. But since a reasonable profit is guaranteed the manufacturers of army clothing or airplanes, what are the manufacturers of wheat to expect?

Share your Happy Christmas with your local dealer.

"Even As You And I"

Little Girl: "What happens to Santa Claus after he hands out all the present, Sis?"

Big Sister: "He's left holding the bag."

Household Hints

When hemming linens that are to be finished on the edge with lace, turn up the edge on the right side and place the lace on top of that. The piece will be just as neat on the wrong side as on the right. After a few washings, the raveling starts unless correctly finished.

A quick way to apply a patch for tears: Lay the torn part of the garment flat on a table, wrong side up. Apply raw white of an egg around the tear on the wrong side, arranging the damaged part as near as possible in its original form. Cut a piece of fabric a little larger than the tear and press it down firmly over the egg white, then set it with a warm iron.

To sharpen dull sewing machine needles, stitch for several inches through a piece of fine sandpaper.

A food scraper is just the right tool to use when putting cake dough into pans or emptying bowls of anything which they contain.

In mashing potatoes, add a small pinch of baking powder. This makes the potatoes light and fluffy.

Instead of using tape loops to hang pot holders use the metal part of a discarded garter. It is much easier to take the holders from the hooks and replace them.

Moisten the lower crust of the pie along the edge of the pie plate with cold water before putting on the upper crust. It will prevent the juice from leaking out while baking.

When baking beans, fruit pies, macaroni and cheese, or any dish that is apt to boil over, place a pan filled with about one inch of water underneath the dish. This keeps the oven clean and the under pan is easy to wash.

Dress-Up Club.

The following is the order in which the participants receive their winter coats in Ernie's dress up club:

1. M. N. Jones
2. A. Baker,
3. R. J. Cann
4. Clarence Riddell

18. H. A. Bannister.
19. Johnny Larson
20. C. E. Wall
21. E. Kinsey

THRESHING, MODEL 1939

This threshing game makes wild men tame:
They call us out while darkness reigns
And someone's sewed my pants again
And cook's forgot to rise.
The boss is out with a thump and a shout;
In the cold, cold dark we scramble about;
If the chucks not ready you'll go without
When cooks forgot to rise.
We harness our broncs, grab up our tools,
Rush to the field and work like fools
Then finish up late while the dinner cools;
Then cook forgot the pies.
Twenty minutes for dinner, then out we go with Mr. Slimmer
These barley beards will make us sinners
We cope with dust, but snow's a winner
Back home we go.
We fret and fume and scold and stew,
And shovel snow the whole week through
Saved half—save when the call comes through
Back to work we go.
We thought it bad but now it's worse
This Siberian Moss is thresherman's curse.
With snowbanks and mud and wind adverse
And ice to make us yell.
The straw so tough it plugs the blower
The boss is mad, the farmer sore,
And we swear we'll never thresh no more
But time will tell.
But it's not all bad, the men are gay
Tho' wheels are blocked and belongings stray
And chaff and laughter rule the day
And sleep is kind.
And we finish up with a royal bang.
A tipsey farewell to the entire gang.
Till another fall brings another gang.
And the same old grind.

—Sylvia

P. H. FLEMING AT CROSSFIELD FOR TRAVEL SERVICE

Mr. Fleming, Canadian Pacific Agent, at Crossfield, is experienced in travel matters, and will gladly arrange every detail of your trip whether it be to the next town or across the continent.

Article Depicts Possibilities of New Wheat Uses

Anyone interested in seeing beautiful ladies clothed in dresses made from skim milk and shapely limbs covered with stockings made from coal, air and water; automobiles made from plastics derived from soya beans and wood; and many other wonders of scientific research, may do so by calling at the Chronicle office. We have just received from the Local Line Elevators, a copy of the National Geographic Magazine containing an illustrated article dealing with the latest discoveries of science. The Line Elevator Companies, through the North-West Grain Dealers' Association, are advocating the establishment of a Western Division of the National Research Council. In this laboratory, scientists would seek to find new industrial uses for wheat in order to expand the markets for this cereal.

They contend that wider markets would mean a better price for the farmer. After observing the progress made in finding new uses for soya beans, corn and other products of the land, depicted in the National Geographic, one cannot but feel that the Dominion Government should take early action in setting up a wheat research laboratory in the West.

Views She Had

Mrs. Blank was an overly conscientious person. Therefore, when she engaged a new maid, she asked as many questions as are asked in a civil service examination.

Mrs. Blank (sternly): "Have you any religious views?"

Applicant: "No, ma'am, I haven't, but I've got some dandy snapshots of Niagara Falls and the Great Lakes.

will be made before Christmas. Under the terms of the act this sum will be 60 per cent of total bonus due. The balance will be paid in March.

THANKS FOR YOUR PATRONAGE
Crossfield Transfer and Storage. M. Patmore.

The British Government has agreed to buy practically all the bacon and ham Canada can produce during the war and to pay the equivalent of nine cents a pound for live hogs.

Canada will have a market for 500,000 pounds of bacon and ham a week at a price of 102 shillings a hundred-weight. All purchases will be made through the

Canadian Bacon Board which will act for the British government.

It has been estimated that the bacon price of 102 shillings means a live hog price of nine cents a pound or slightly less. The bacon will be bought F. O. B. Canadian seaboard ports, which will mean the British government must take shipping risks.

United Church Notes

YOUNG PEOPLE OF CROSSFIELD ATTENTION!
 Sunday, Dec. 31st, being the 53rd Sunday of the year, the Young Peoples Union will mark this once in 7 years occurrence by taking charge of the evening service, conducting a sing-song and having the officers of the Union describe the program of work for 1940. Everyone is urged to make definite plans to attend this service. The young people will occupy the central pews.

The direction of the apostle—"let the peace of God rule in your hearts" has especial meaning and timeliness for us as we enter the Christmas season. Men of the church, of letters, of New-Canadian groups, are trying to hold on by faith to the peace of God until it becomes the way of men. In a war message, the Archbishop of York has said—"War brings terrible temptations to bitterness and hatred. If we yield to this, even our victory would fail to secure justice and freedom."

John Masfield, Poet Laureate has published a war poem, "Some Verses to Some Germans", expressing the mutual regard of British and Germans for each others contribution to the things of the spirit through poetry, music, etc. Five of the twenty four verses are produced here—
 'This is no idle boast or empty story;
 One of the glories of the English race
 Is, that we recognized Beethoven's glory
 And at his dying moment won his grace.

For in Vienna, while the thunder broke,
 And he by sickness shaken, sank to death,
 These memorable words that Master spoke,

God bless the English" with his dying breath.

And, of our Poet we have heard you say

"We call him 'Unser Shakespeare'; he is ours;

We share him with you as we share the day,

The night, the season and the happy hours."

We are as darkness to each other now,
 Our common task of bettering Life annulled;

We plait new brambles on our Savior's brow;

By sharpening hate our spirit's edge is dulled.

Upon another morrow, if we strive
 Our links of Life, now broken, may unite,

Not each for each but both for all alive

Opening the other shutters for more light.

"Der Nordweste's widely read German-Canadian publication represents more correctly

than the agitators the attitude of the great majority of Canadians of German origin, saying in a recent issue, "We realize that this our home and the home of our children, that we are part and parcel of the Canadian population and owe our adopted country whole hearted allegiance."

LOCALS

Ralph McFadyen, who was home on short leave from his battalion in the Canadian army, left last Friday to rejoin his unit.

Alan Millar, from east of town, was a Wednesday visitor in the city on very important business.

The carpenters are taking advantage of the fine weather and rushing the new service station and cabins being erected for Everett Bills.

The Misses Margaret and Helen Neufeld left Monday for Calgary, where they will take up their duties in the Holy Cross Hospital.

Miss Margaret Fitzpatrick, R.N., left last week for Wetaskiwin, where she has accepted a position on the staff of the Community Hospital.

The following attended the Nose Creek Old Timers' Round-up at Balzac last Thursday: Mr. and Mrs. D. Hall, Mr. and Mrs. H. McCool, Mr. and Mrs. W. J. McCool, Mr. and Mrs. Robinson, Mr. and Mrs. R. Wygle, Mr. and Mrs. Rogers, Mr. and Mrs. Mair, Mr. and Mrs. G. Murdock, the Rev. and Mrs. Currie and Frank Laut.
